

COMPANY PROFILE

Vasudha Marketing

Security in our hand

IT & Telecom solutions for real estate, security & surveillance, and enterprise communication
— based in Indirapuram, Ghaziabad.

WHO WE ARE

One vendor for the systems that keep a business running

Vasudha Marketing works across IT/Telecom, real estate, and security & surveillance, with cloud-based solutions for enterprises and manufacturing. Instead of chasing separate vendors for phones, cameras, access control, and calling infrastructure, our clients consolidate that under one team that designs the setup around what they actually need — and what they can budget for.

Focus areas	3
Location	Indirapuram, Ghaziabad
Deployment	Hosted + Cloud
Support	[Confirm hours: e.g. 24/7 or business hours]

WHAT WE DO

Three areas, one accountable vendor

IT & TELECOM	SECURITY & SURVEILLANCE	ENTERPRISE & REAL ESTATE
Voice & call infrastructure • VOIP phone systems • Call center dialer solutions (inbound & outbound, hosted or cloud) • Voice recording solutions • Headsets & noise-cancelling hardware	Monitoring & access control • IP-CCTV solutions, 24/7 monitoring • Fingerprint biometric access systems • Firewall & network security	Cloud & infrastructure • Cloud-based solutions for enterprise and manufacturing • Server deployment • Solutions scoped to real estate site requirements

HOW WE WORK

Scoped to your budget, not a fixed package

01

Designed, not templated

Setup is built around what you're actually running — not a fixed bundle you have to fit into.

02

Budget-first scoping

We size the solution to your budget before recommending hardware or licensing.

03

Built to last

Deployment and support are handled by the same team — no handoff between the seller and the installer.
